

Village Services

LEAF COLLECTION

Beginning approximately the third week of October until Thanksgiving, the Village maintenance crew picks up leaves which are raked to the edge of the street in long rows. Leaves are attempted to be collected on a weekly basis depending on the weather. Leaves will not be collected if mixed with twigs or grass clippings. Grass clippings must be disposed of in yard waste bags with a Star/Homewood Disposal sticker on them and twigs can be bagged or placed out on regular brush pick-up day separately from leaves.

REFUSE COLLECTION

Refuse disposal is contracted with a private company through the Village to obtain lower rates and is billed on the bi-monthly water and sewer bills. Residential refuse is picked up every Monday (except if a holiday falls on Monday then pick-up is changed to Tuesday). Refuse should be placed out in a covered container prior to 7:00 a.m. on pick up day but no earlier than the prior evening. (Refuse placed out earlier than the evening before collection day constitutes a nuisance and is subject to fine). All open burning within the Village limits and dumping of garbage and/or debris on public or private property is strictly prohibited.

RECYCLING

Curbside recycling is collected every other Monday in the Village (except if a holiday falls on Monday then pick-up is changed to Tuesday). Recyclables must only be placed in the container provided by Star/Homewood Disposal and should be placed out to the curb prior to 7:00 a.m. on pick-up day or the evening before. Glass, aluminum, tin, plastic, newspapers and cardboard should all be put together loose in the recycling container.

BRUSH COLLECTION

[Visit the Brush Collection page for information.](#)

YARD WASTE DISPOSAL

Yard waste must only be disposed of in paper yard waste bags with a Star/Homewood Disposal sticker on the bag. Stickers can be purchased at the Village Hall and Walt's Foods. The cost of the bag is the charge for disposal of the waste at a compost site. State law prohibits disposal of any type of yard waste in a landfill so it cannot be placed in with regular garbage. Yard waste bags should be put out for pick up on Mondays (except on holidays) with regular refuse pick up. A special truck comes by to collect the yard waste bags. Yard waste is only collected between April 1st and November 30th of each year. The compost site is closed the other months of the year.

MOSQUITO ABATEMENT

The Village has a comprehensive mosquito abatement program which includes catch basin treatment, larvicide control and adult spraying. Residents are asked not to allow open standing water on their property to prevent mosquito development.

VILLAGE HALL SERVICES

The Village Hall provides a variety of services for the convenience of Beecher residents. Voter's registration, notary and public information are a few of the most popular services currently provided.
